Some continuances focus on the everyday domesticity of the Bennet family, while others venture into new territories, introducing fresh characters and storylines.

Alternate Realities Another fascinating subgenre is the "alternate reality" variation. These stories diverge from Austen's original plot at some point, often introducing significant changes to the characters' choices, circumstances, or personalities. They may explore what would have happened if Elizabeth had accepted Mr. Collins' proposal, or if Darcy had

never met Elizabeth at all. Alternate realities offer readers a chance to ponder the endless possibilities that lie within the Pride and Prejudice universe.
